

# The ESUP-Portail project (in a few words)

# **ESUP** Portail

**Pascal Aubry**

**Consortium ESUP-Portail / University of Rennes 1**

# The very beginning

- **2002: 4 projects selected by the French Ministry of Education**
  - about \$8M for the whole project
  - development and investment
- **Create an open-source portal for universities**
- **Adopt an existing solution or build a new one**
- **Distribute the final product**

# The strategy and the targets

- **Strategy**
  - *Schéma Directeur des Environnements Numériques de Travail (SDET)*
    - *Architecture, authentication, interoperability*
- **Targets**
  - digital universities
  - regional digital universities
  - thematic digital universities

# The architecture

from the administrator's point of view,  
**Information System-centered**

from the user's point of view,  
**user-centered**

**Information System**

**Central Authentication Service**

**students and staff**

# The ESUP-Portail actions

- **Providing tools to universities**
  - Developing new applications
  - Integrating contributions
- **Supporting the community**
- **Federating the efforts**
  - Documenting the project
  - Publicizing project activities

# The organization

- An operational coordinating committee
- A technical coordinating committee
- Developers

# Developments around JA-SIG products

- uPortal-esup: a pre-configured portal for the French university community
- uPortal-quick-start

- client librairies: **phpCAS**, perlCAS (CRU), pam\_cas-esup, mod\_cas-esup
- v2 utilities: CAS Generic Handler, CAS quick-start
- v3 French translation

# The uPortal-esup package

- **A pre-configured uPortal installation**
- **Easy configuration**
- **A pre-filled database**
- **WAI effort**
- **French translations**
- **Full-page channels (from project Mille)**
- **Automatic generation of statistics**
